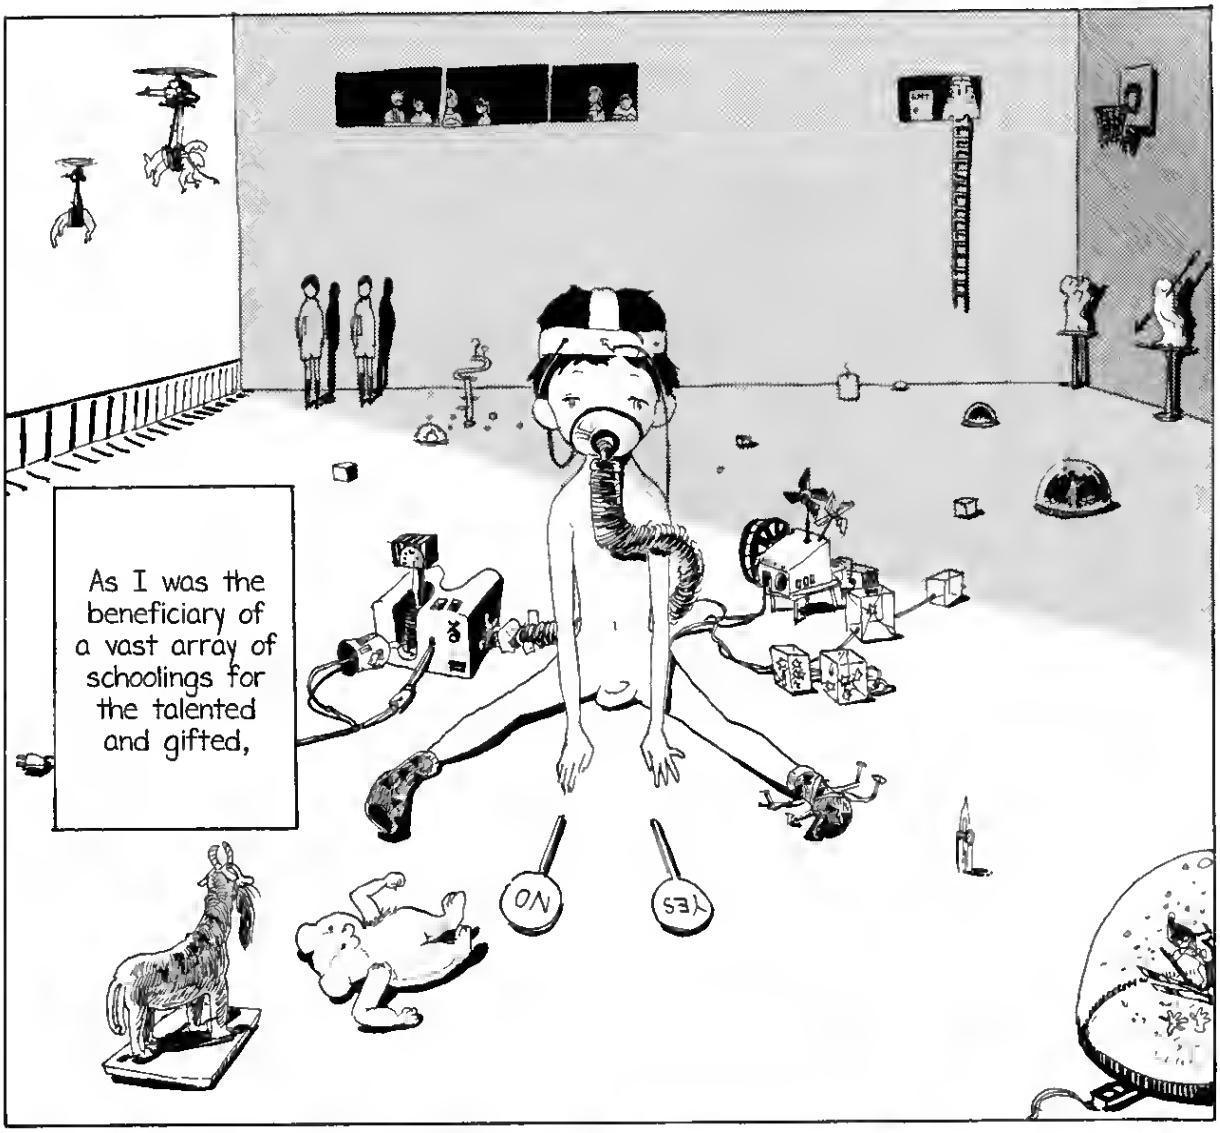
Akahoshi-kun



As I was the beneficiary of a vast array of schoolings for the talented and gifted,
NO
YES

when I was entering middle school I was regarded as a boy genius, with the expectations of the masses focused upon me.
The people of the city called me "The Boy Wonder"...

and my classmates called me "The Cyborg".
Sorry ...
FLAP
See, I told you Majin Gyuu was the strongest!
That this week's Mambo? Lemme get next.
But I rarely smile, wear strange glasses, and am, after all, a genius.
I think it must be those things that distanced everyone from me.

Emperor Gyuusuji got taken down in last week's issue, huh?

You think he'll recover?
kachak
Yeah, I do.
Making Emperor Gyuusuji kind of like a foil character made him pretty popular with the readers,
and I like Emperor Gyuusuji a lot myself. There's no way he'll die.
If the final hidden techniques of the second Queen get revealed they might be able to revive him.
That's possible.
Thank you.

I only talk to her once a week.

What is going on? This isn't like you.

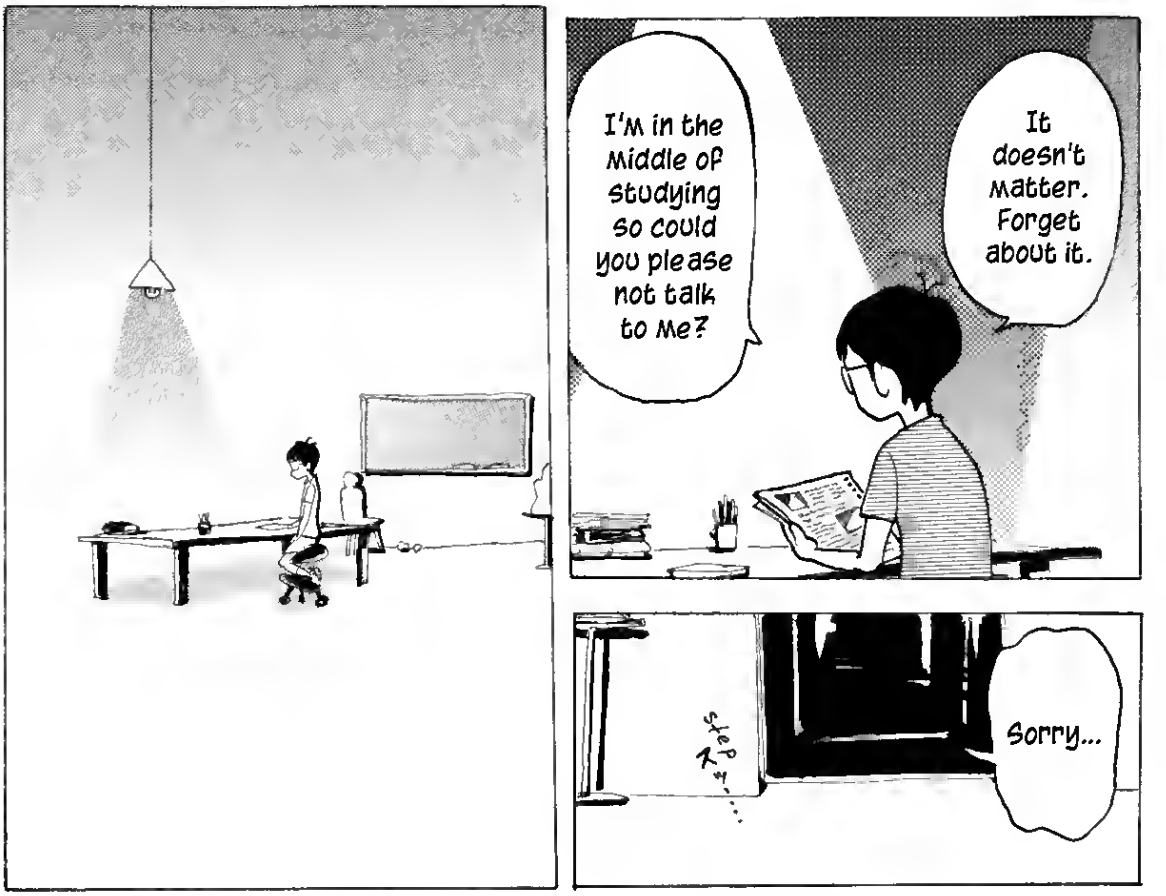
Your dinner is getting cold.
What is it, Father?



I'm in the middle of studying so could you please not talk to me?

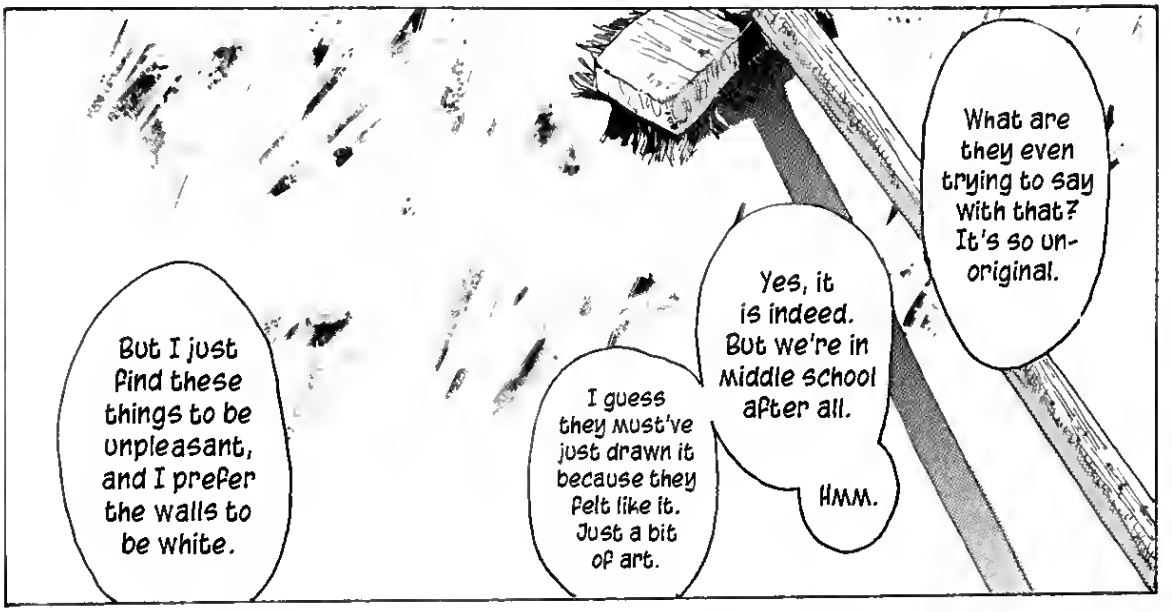
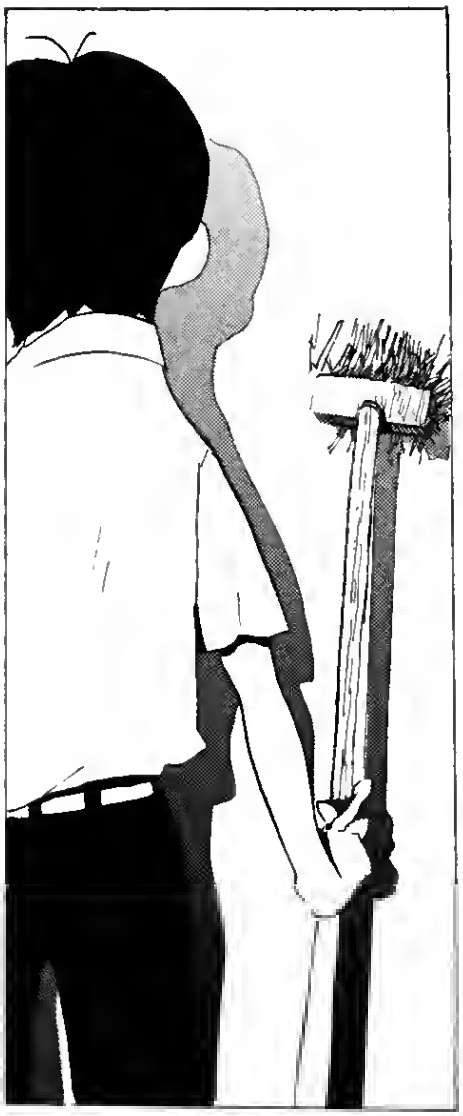
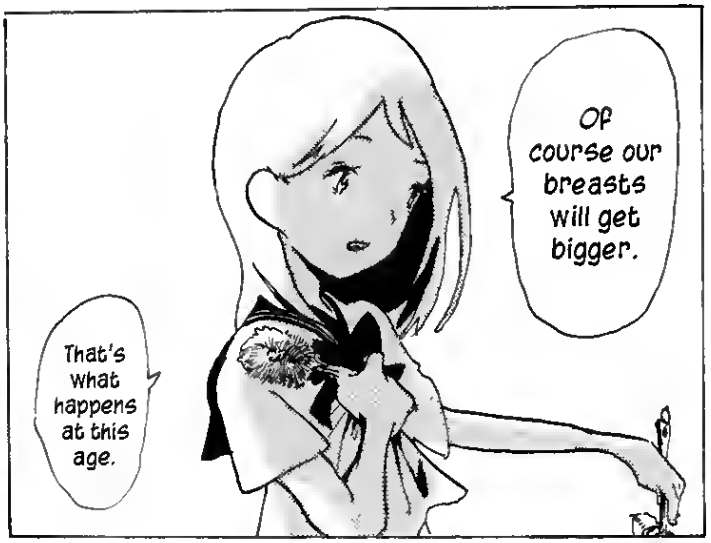
It was the first time I had spoken to her at school.
"Titties be poppin"
...

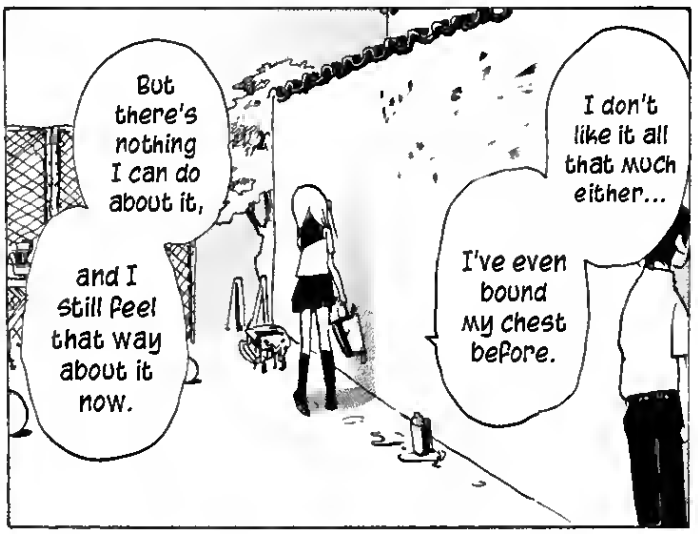


What are they even trying to say with that? It's so un-original.
Yes, it is indeed. But we're in middle school after all.
HMM.
I guess they must've just drawn it because they felt like it. Just a bit of art.
But I just find these things to be unpleasant, and I prefer the walls to be white.





Of course our breasts will get bigger.
That's what happens at this age.



I don't like it all that much either...
I've even bound my chest before.
But there's nothing I can do about it,
and I still feel that way about it now.

I'm going to be leaving this school next month.
I'd rather that the scenes and memories that I'll hold dear of this place be pristine.
since...
You're what?
Uh, I-I'm... going abroad. I'm going to be swaying to and fro on a boat! I'm joining a research institute and working.
I went out of my way to show my father that I was upset.
but that's how it is.
This cyborg will be working to make an even stronger cyborg... It seems so dull.

I guess ...
I thought that he would feel more at ease if I went through a rebellious phase...

T/N: Veronica persica is called Ocinu no Fuguri in Japanese, or the large dog's testicles. This is because it looks like a larger version of its sister plant, the Veronica polita, common Japanese name: Inu no Fuguri, or the dog's testicles. The common name is derived from the resemblance of its fruit to the testicles of a dog.

I don't live a carefree life like you.
My work has been busy.
But, you...

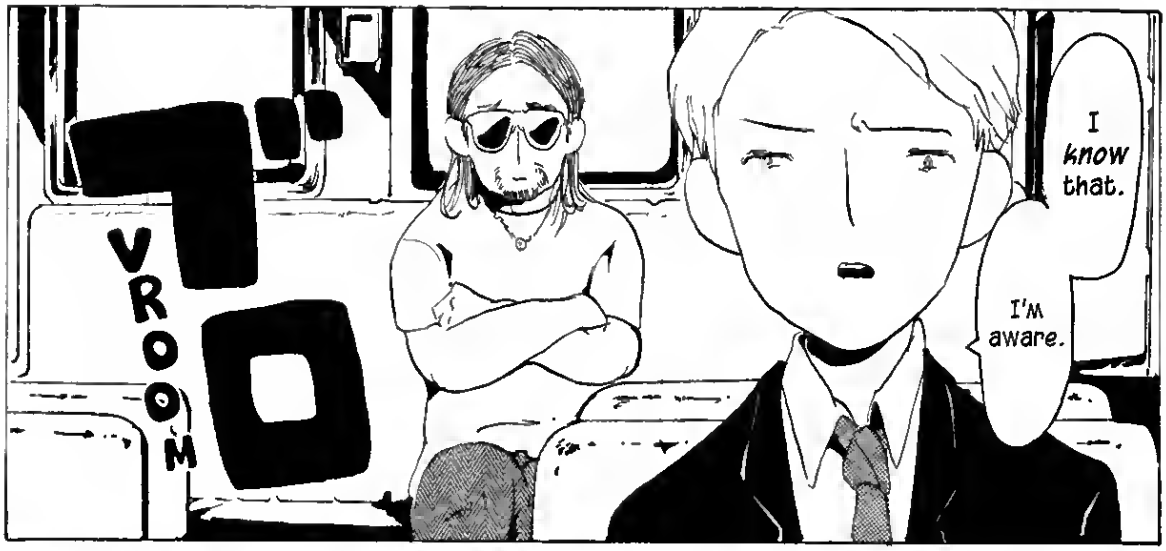
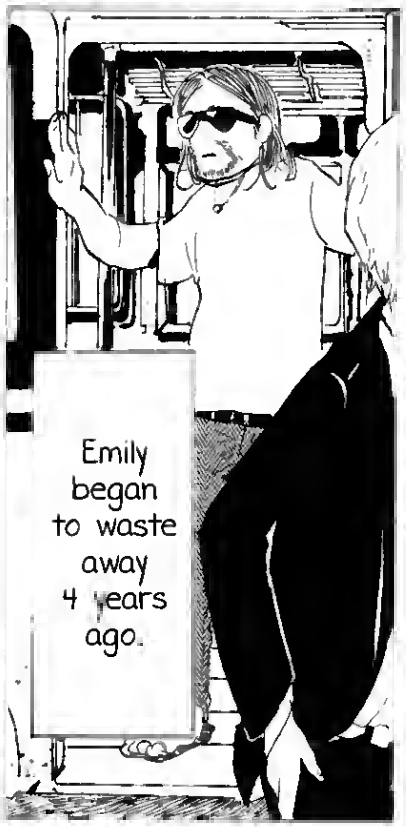
You've got it rough.
As you always do.

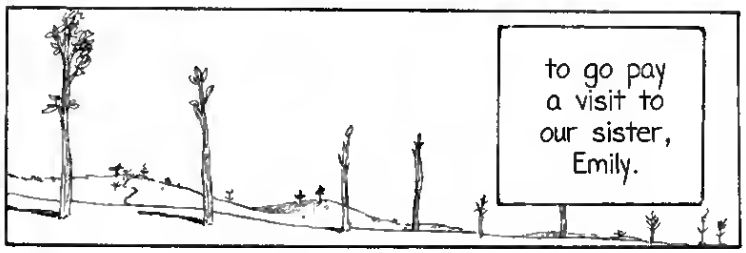


VROOM
I know that.
I'M aware.

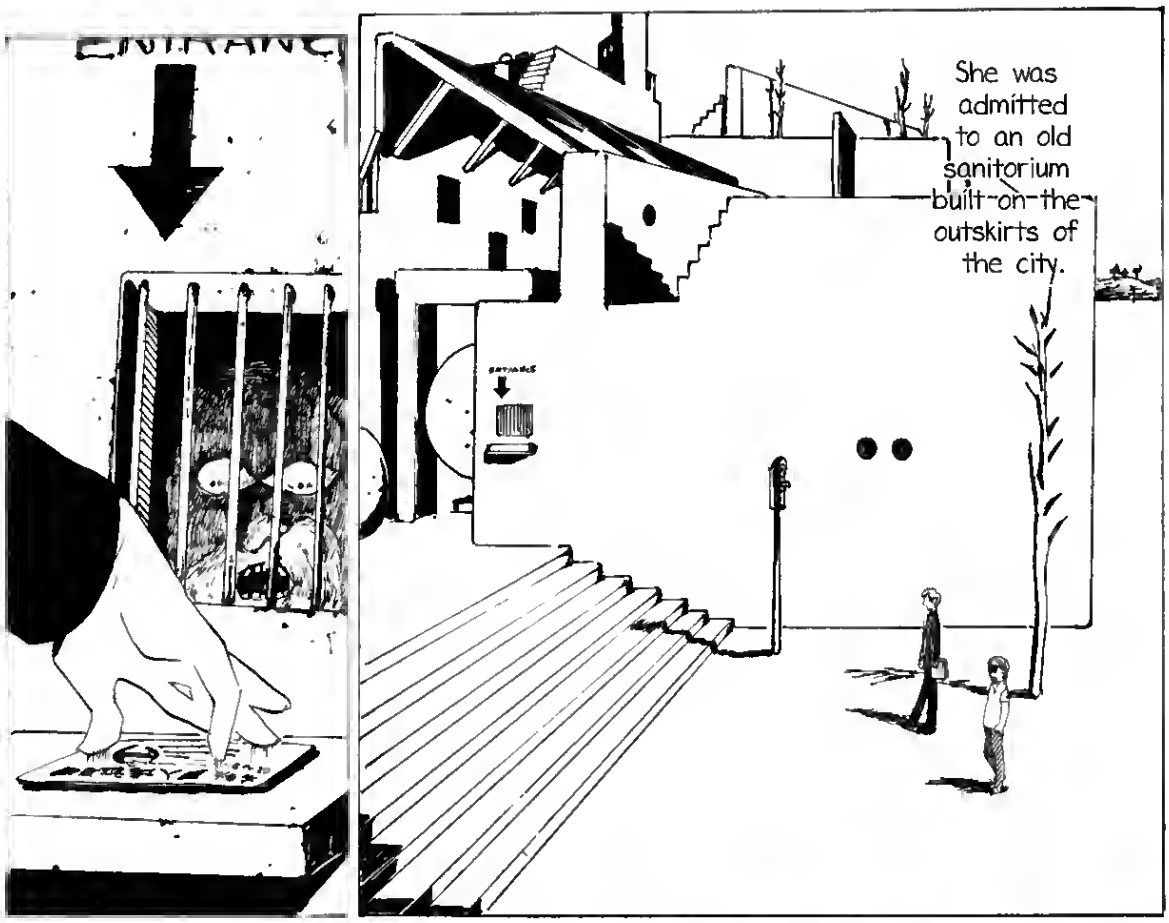


Emily began to waste away 4 years ago.

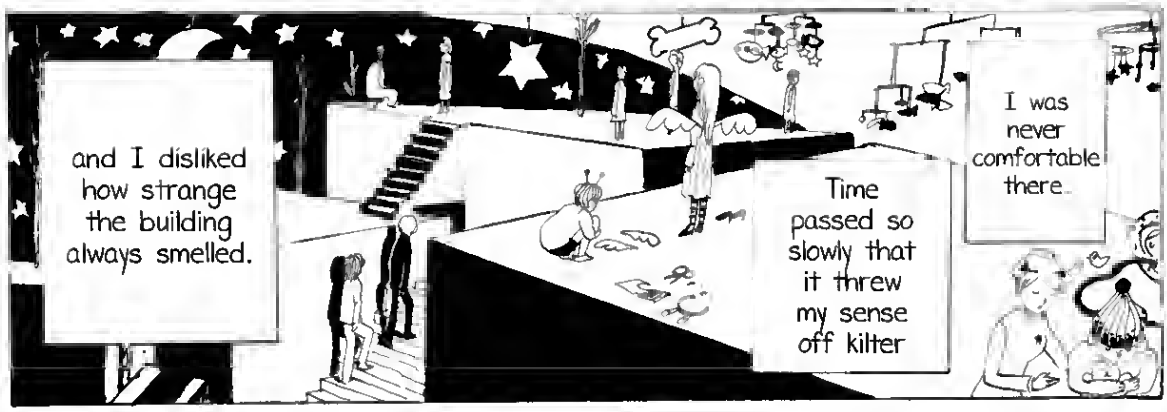
We brothers board the same bus once a month



to go pay a visit to our sister, Emily.

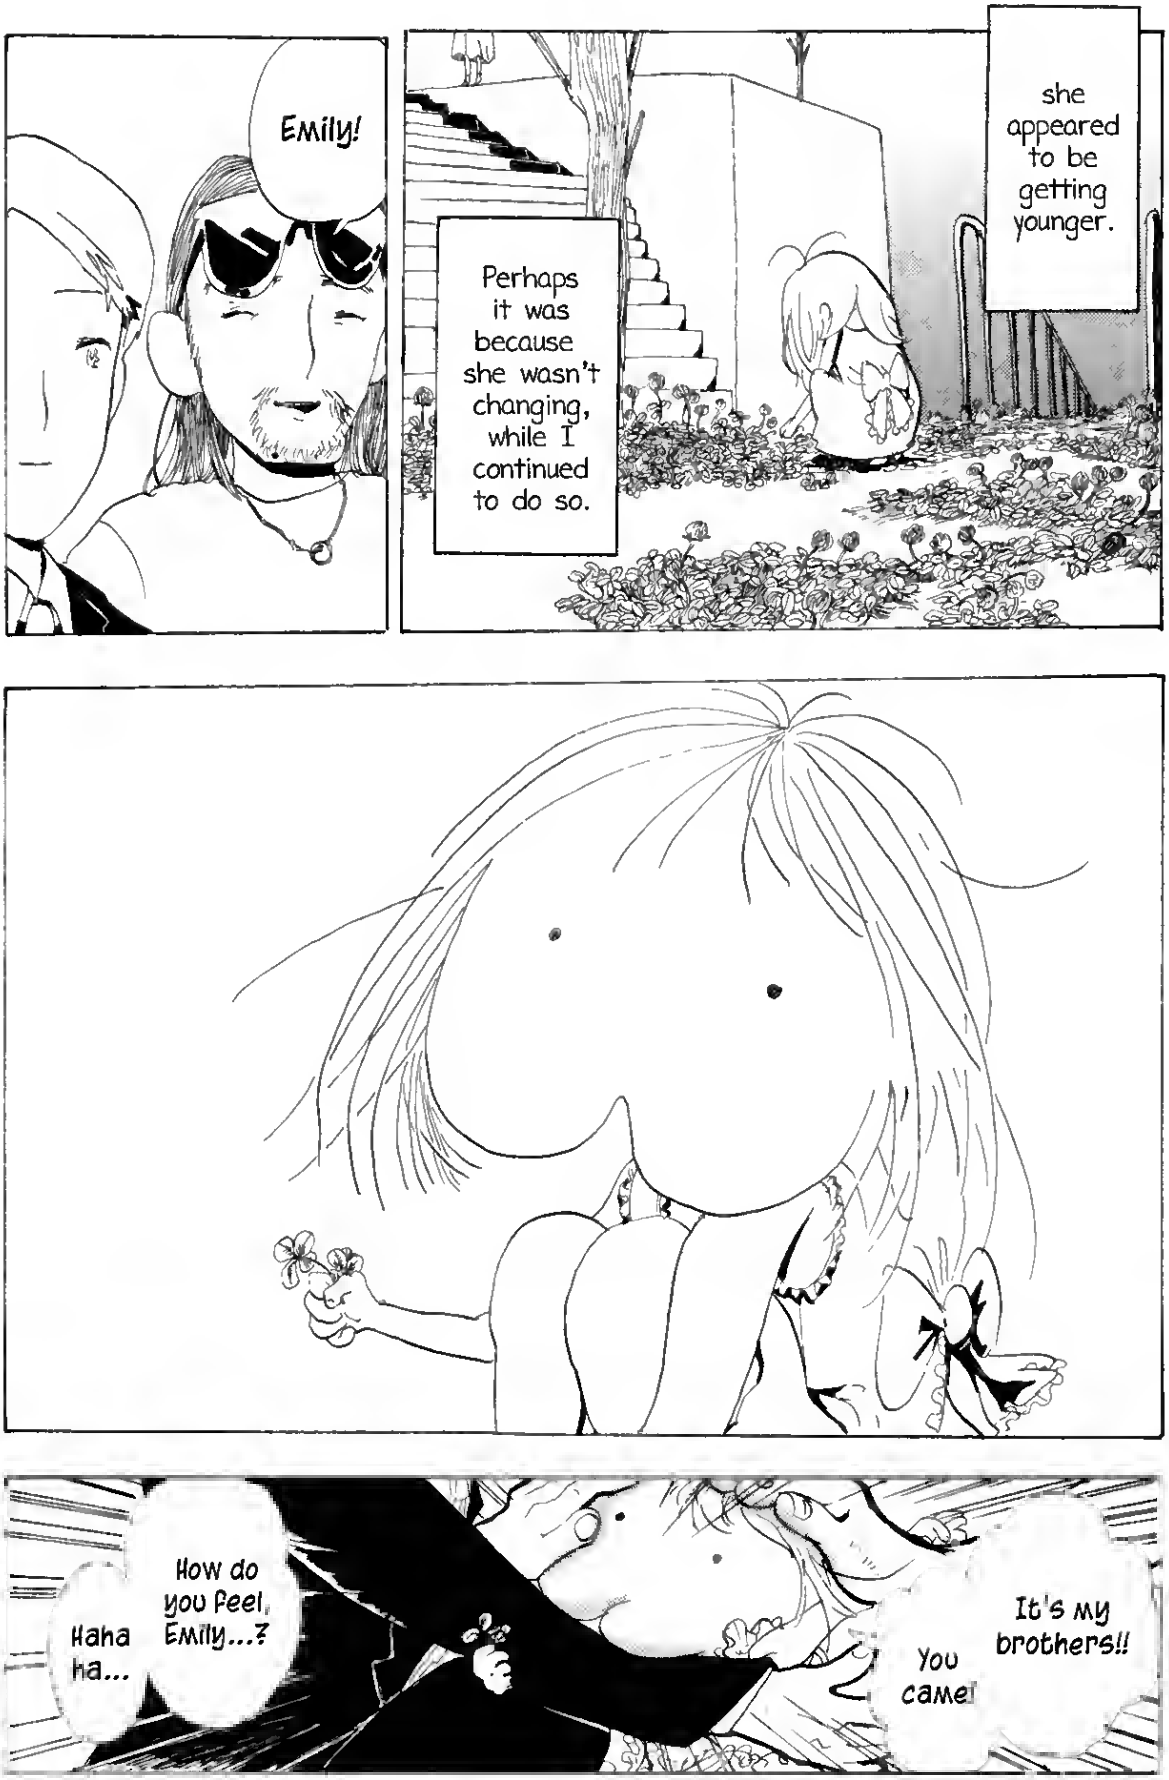


She was admitted to an old sanitorium built on the outskirts of the city.

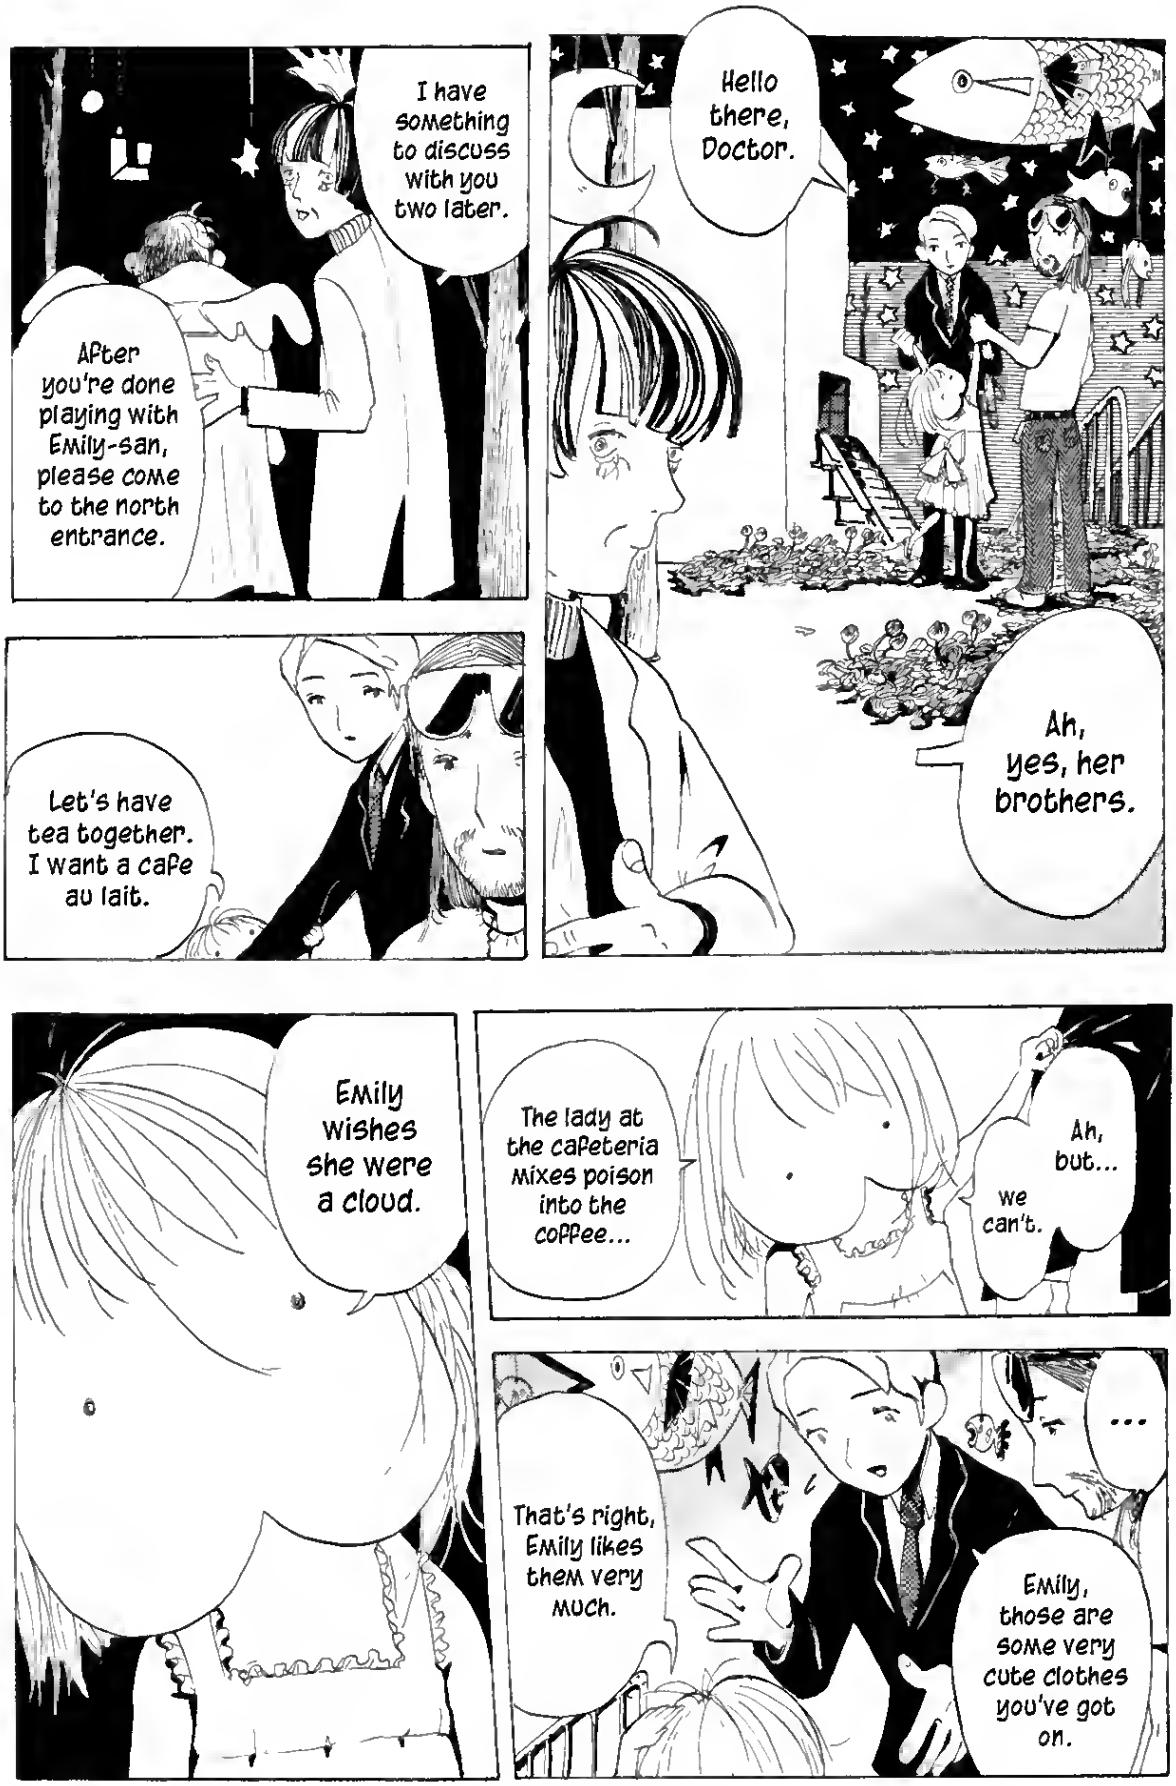


and I disliked how strange the building always smelled.
Time passed so slowly that it threw my sense off kilter
I was never comfortable there.

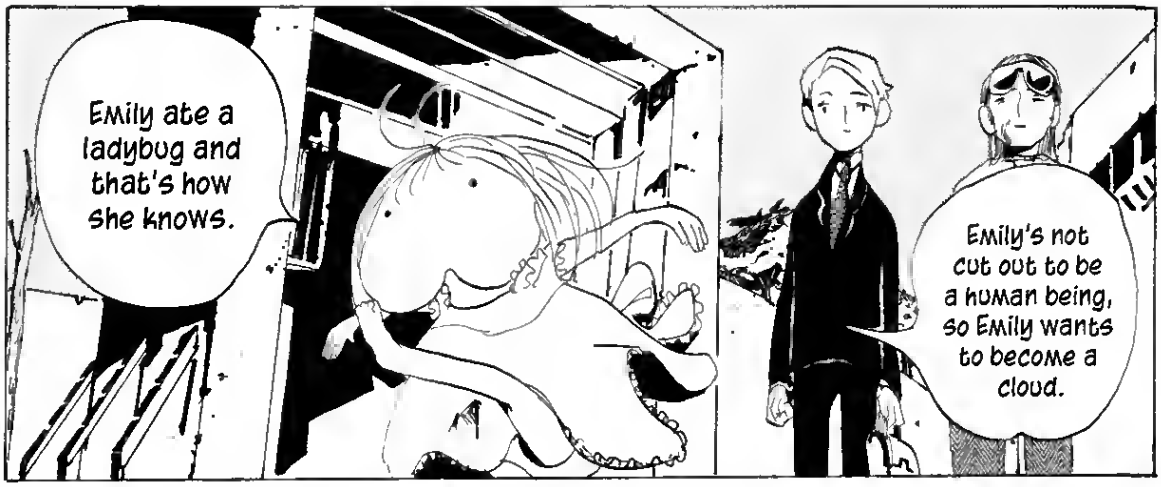
Every time that we came to see our sister



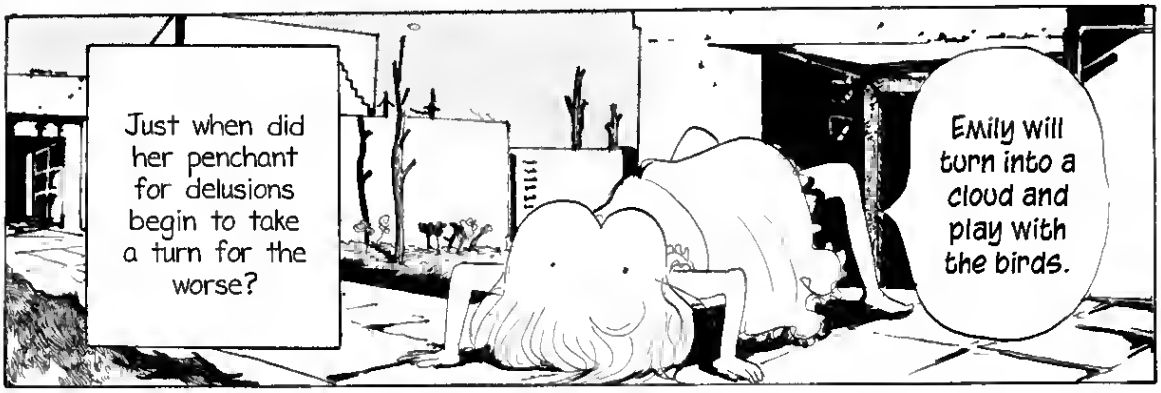
Emily!
Perhaps it was because she wasn't changing, while I continued to do so.
she appeared to be getting younger.
Haha ha...
How do you feel, Emily...?
You came!
It's my brothers!!



I have something to discuss with you two later.
After you're done playing with Emily-san, please come to the north entrance.
Hello there, Doctor.
Ah, yes, her brothers.
Let's have tea together. I want a cafe au lait.
Emily wishes she were a cloud.
The lady at the cafeteria mixes poison into the coffee...
Ah, but...
we can't.
That's right, Emily likes them very much.
...
Emily, those are some very cute clothes you've got on.

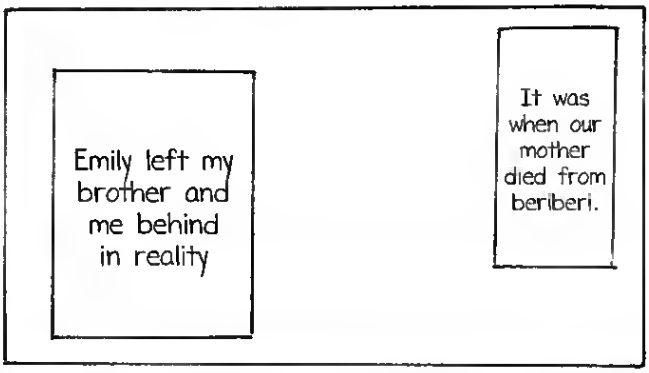


Emily ate a ladybug and that's how she knows.
Emily's not cut out to be a human being, so Emily wants to become a cloud.

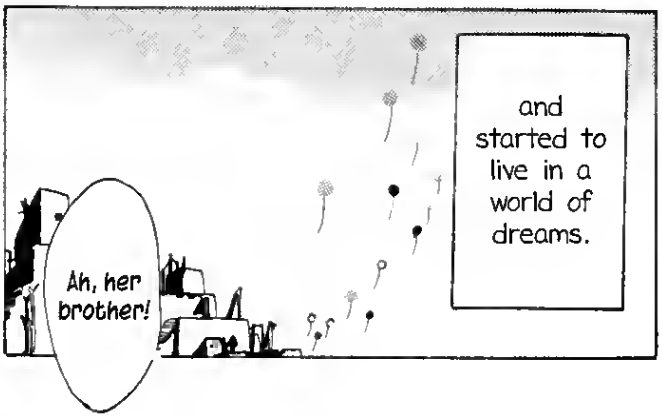


Just when did her penchant for delusions begin to take a turn for the worse?
Emily will turn into a cloud and play with the birds.

And her other brother,
brother two!

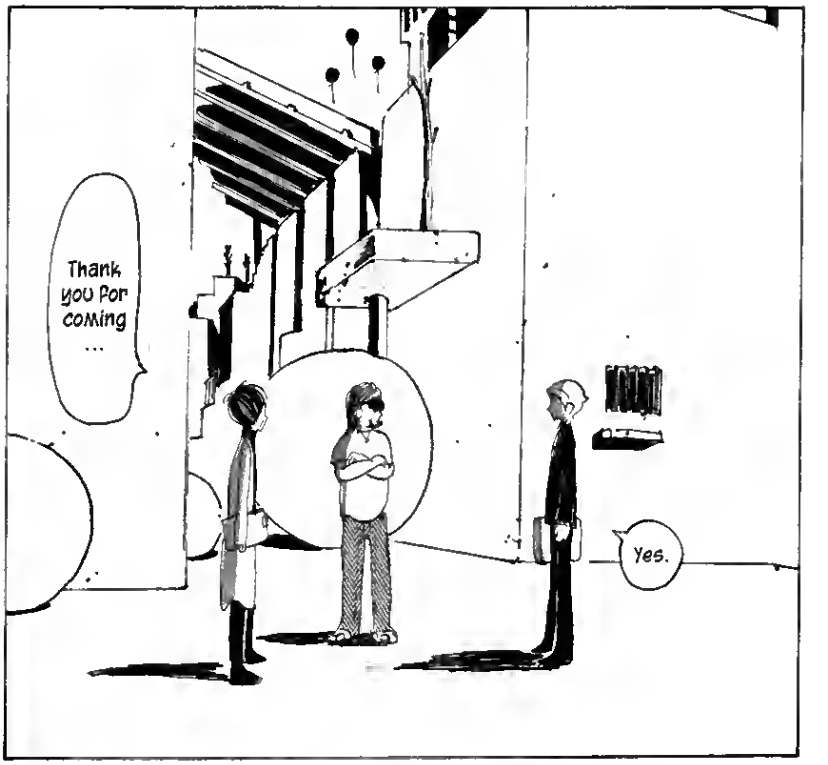


Emily left my brother and me behind in reality
It was when our mother died from beriberi.



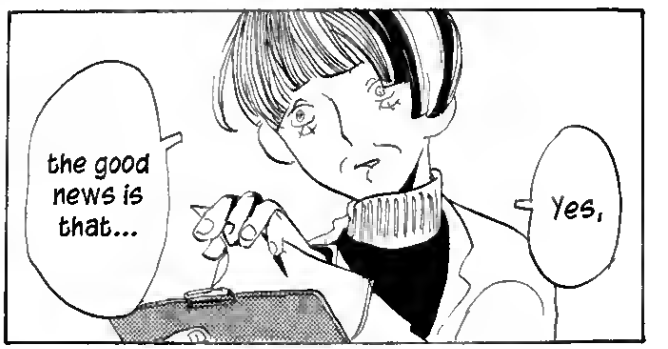
Ah, her brother!
and started to live in a world of dreams.

You must be very busy with your work... Have you ever thought of taking a break here?
No, I'm fine, doctor. What did you have to discuss?

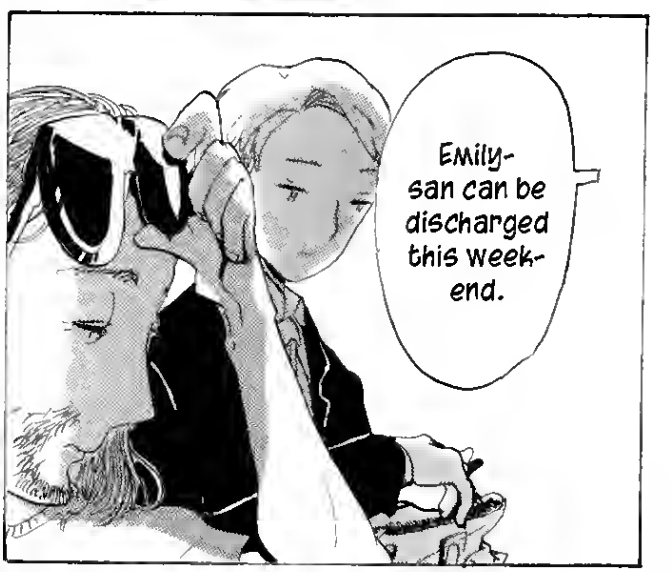


Thank you for coming ...
Yes.

So, if you could fill out these forms...



the good news is that...
Yes,



Emily-san can be discharged this weekend.

We've already done all we can for her here.
So with that said, please come to pick her up at four in the afternoon the day after tomorrow. That is all.
What did you say? Discharge? For Emily?
That's right, she's made quite the recovery.
She has...?
Yay!
Emily and her brothers can all live together in the house again! Emily is so happy!
Ah, yeah!
Hurray!
Congratulations on your discharge, Emily!

You're still living day to day through part time jobs at your age.
You've never been able to do anything properly. You don't have the ability to raise Emily by yourself.
Besides, I couldn't have Emily live in that dump of an apartment of yours.
I'll go pick up Emily.

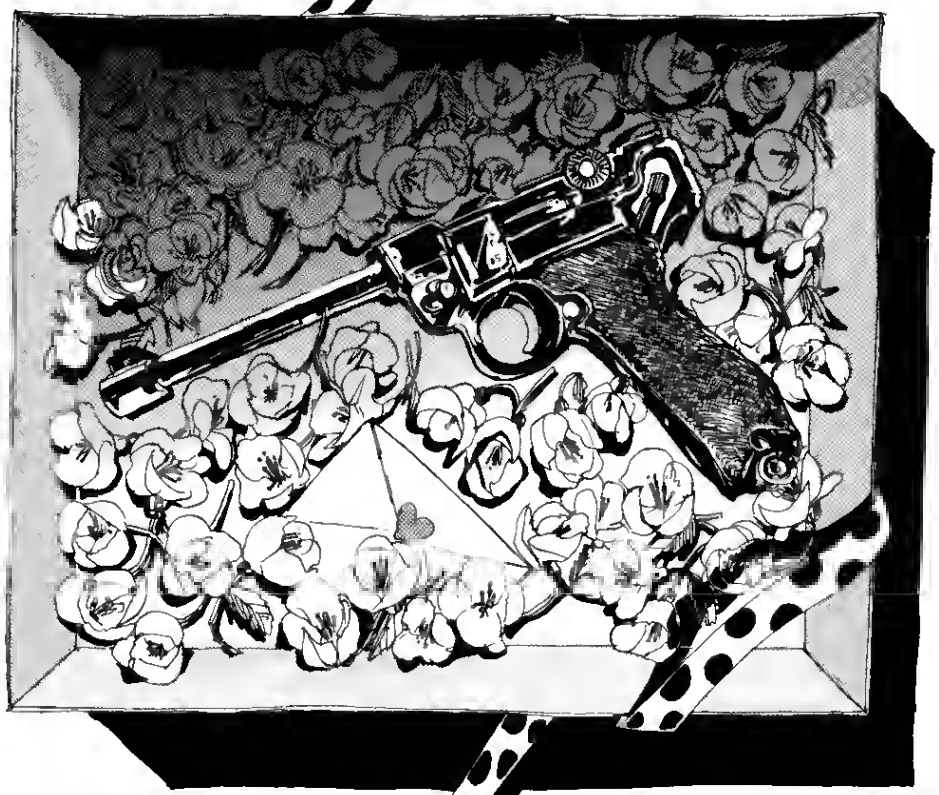
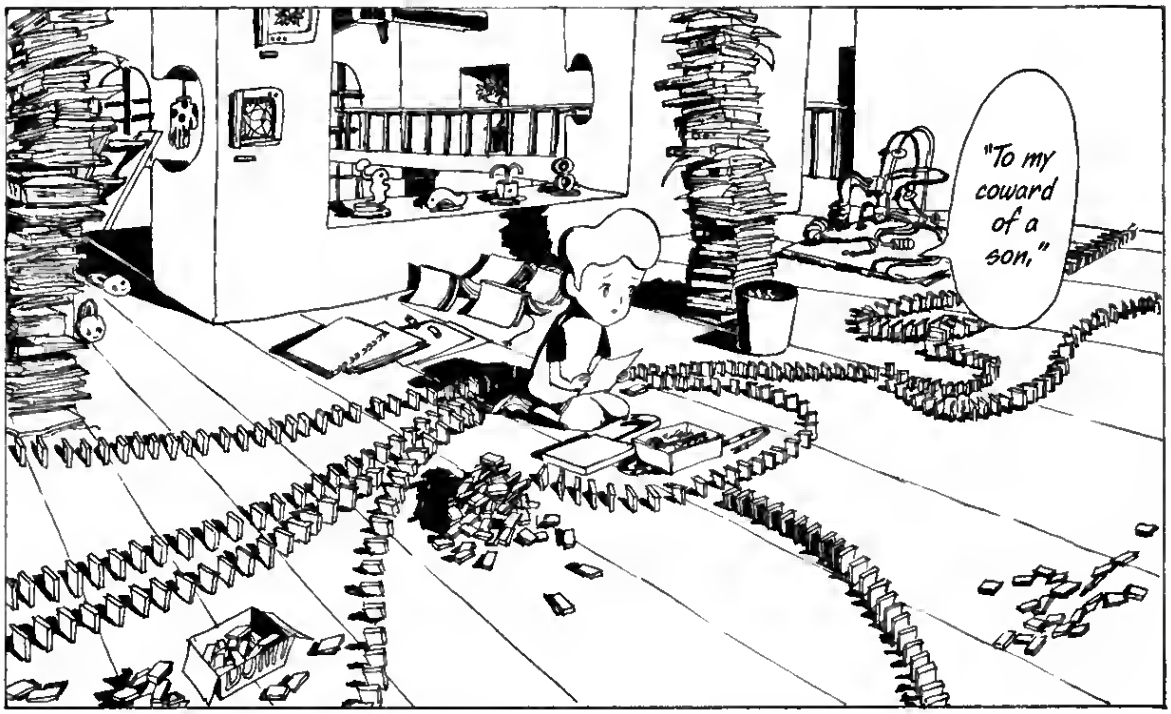
Chapter 5
Gun

A package arrived from Papa, who was away, working by himself.



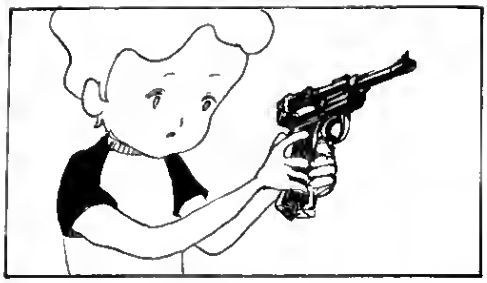
It was a heavy black pistol.

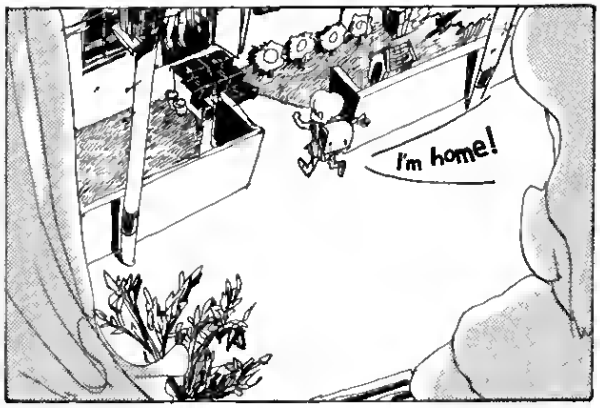


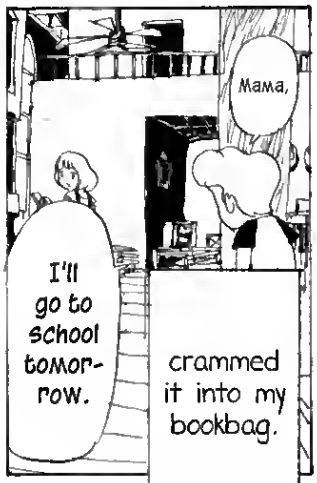
"To my coward of a son,"

"is because you are a worm, not worth a second of anyone's time."

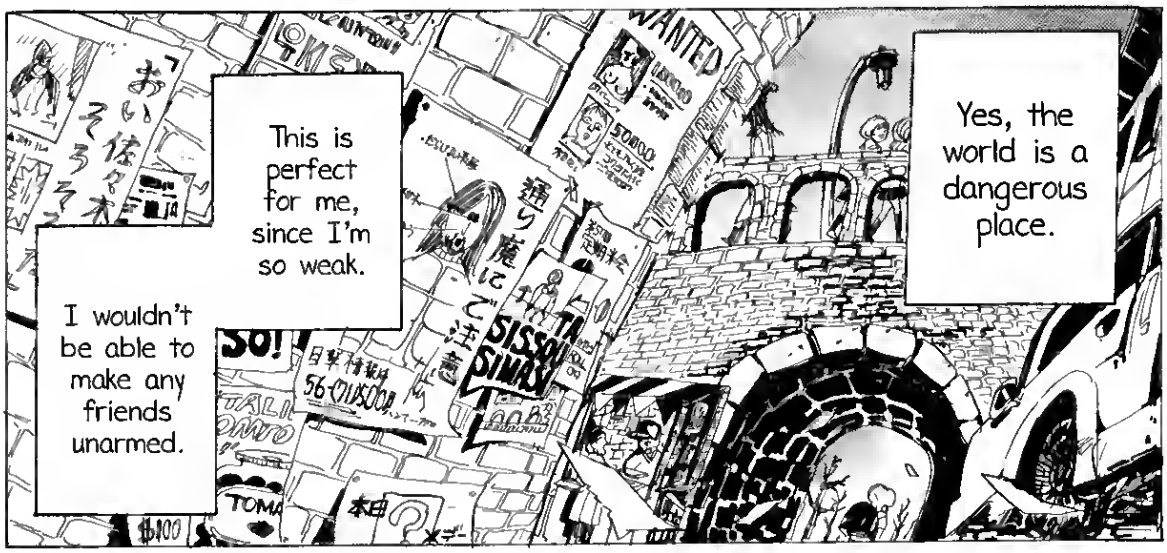
"the reason why you cannot even greet your classmates"







crammed it into my bookbag.



This is perfect for me, since I'm so weak.
I wouldn't be able to make any friends unarmed.

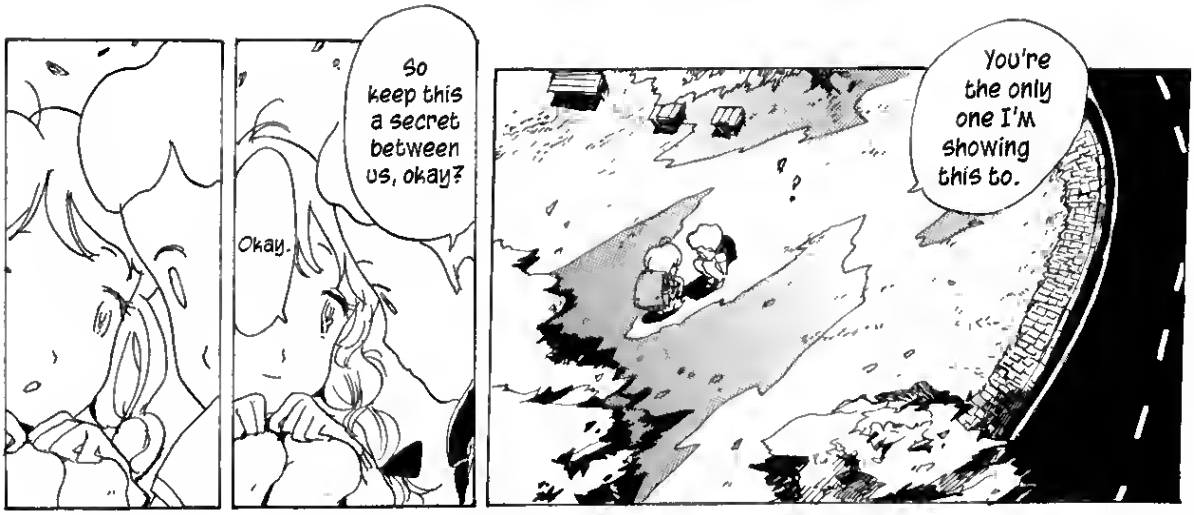
Oh, sure!
It's magic!!
Really?
I don't mind showing you.
So do you wanna take a little walk to the ridge? Together? Er, I guess not?



So keep this a secret between us, okay?
Okay.
You're the only one I'M showing this to.

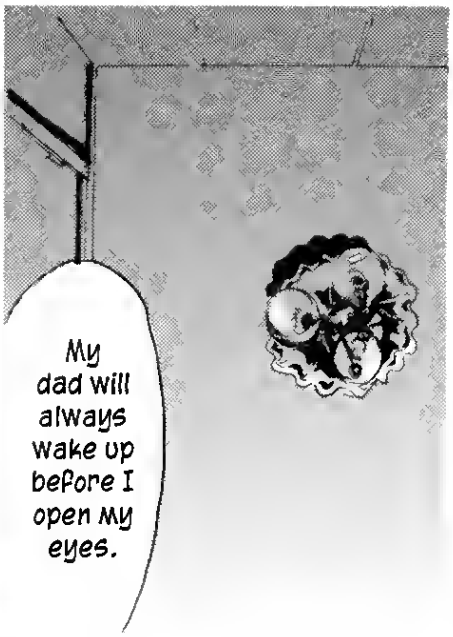
Yeah.
Yoh-chan, I...
I don't think I've told you before, but...
even though I'm a high school student now
I still sleep together with my dad.

He gazes at me with this look on his face like he's going to cry,
waiting to see if I'm going to open my eyes today or not.

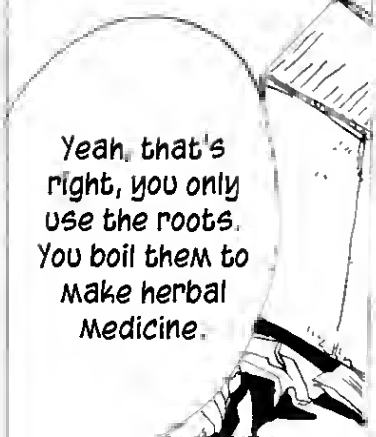


My dad will always wake up before I open my eyes.

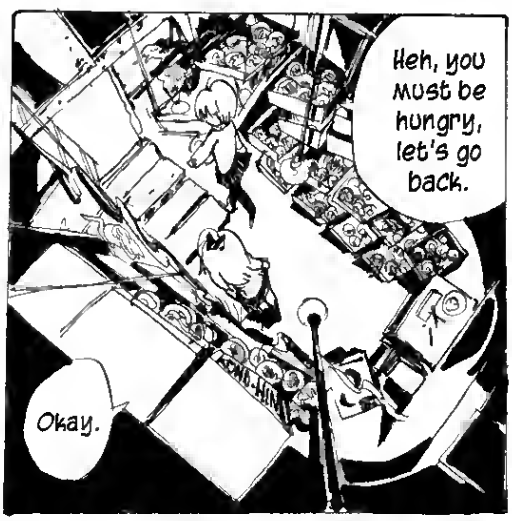
I see...
That's so pitiful...
Yeah, it's like that every morning.

That's why I promised him.
I promised him I wouldn't die before him.

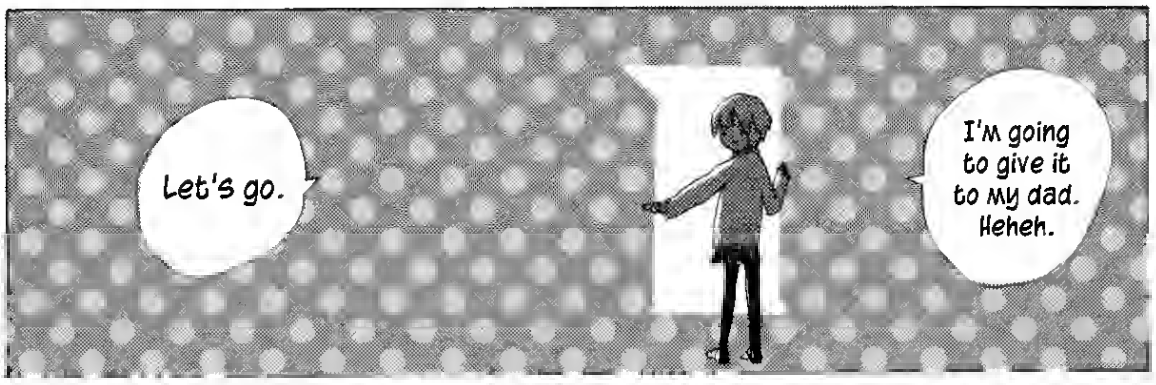
You're... throwing away the pheasant eye flowers?



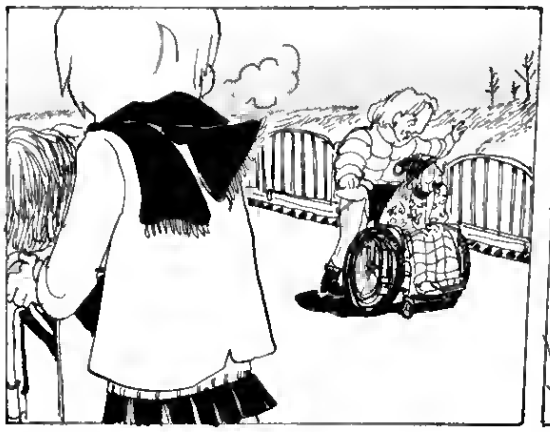
Yeah, that's right, you only use the roots. You boil them to make herbal medicine.



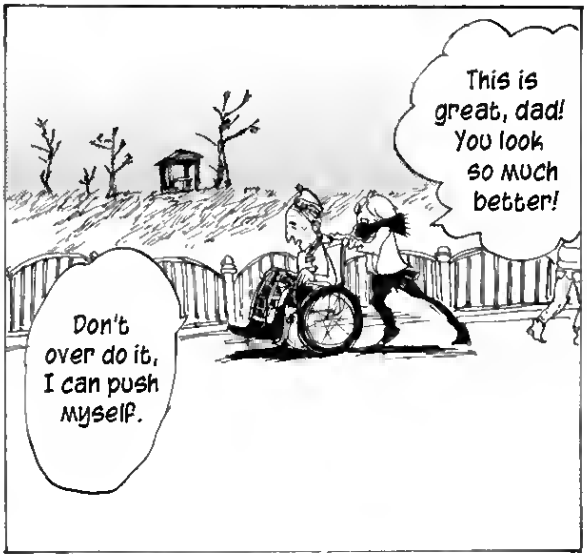
Heh, you must be hungry, let's go back.
Okay.



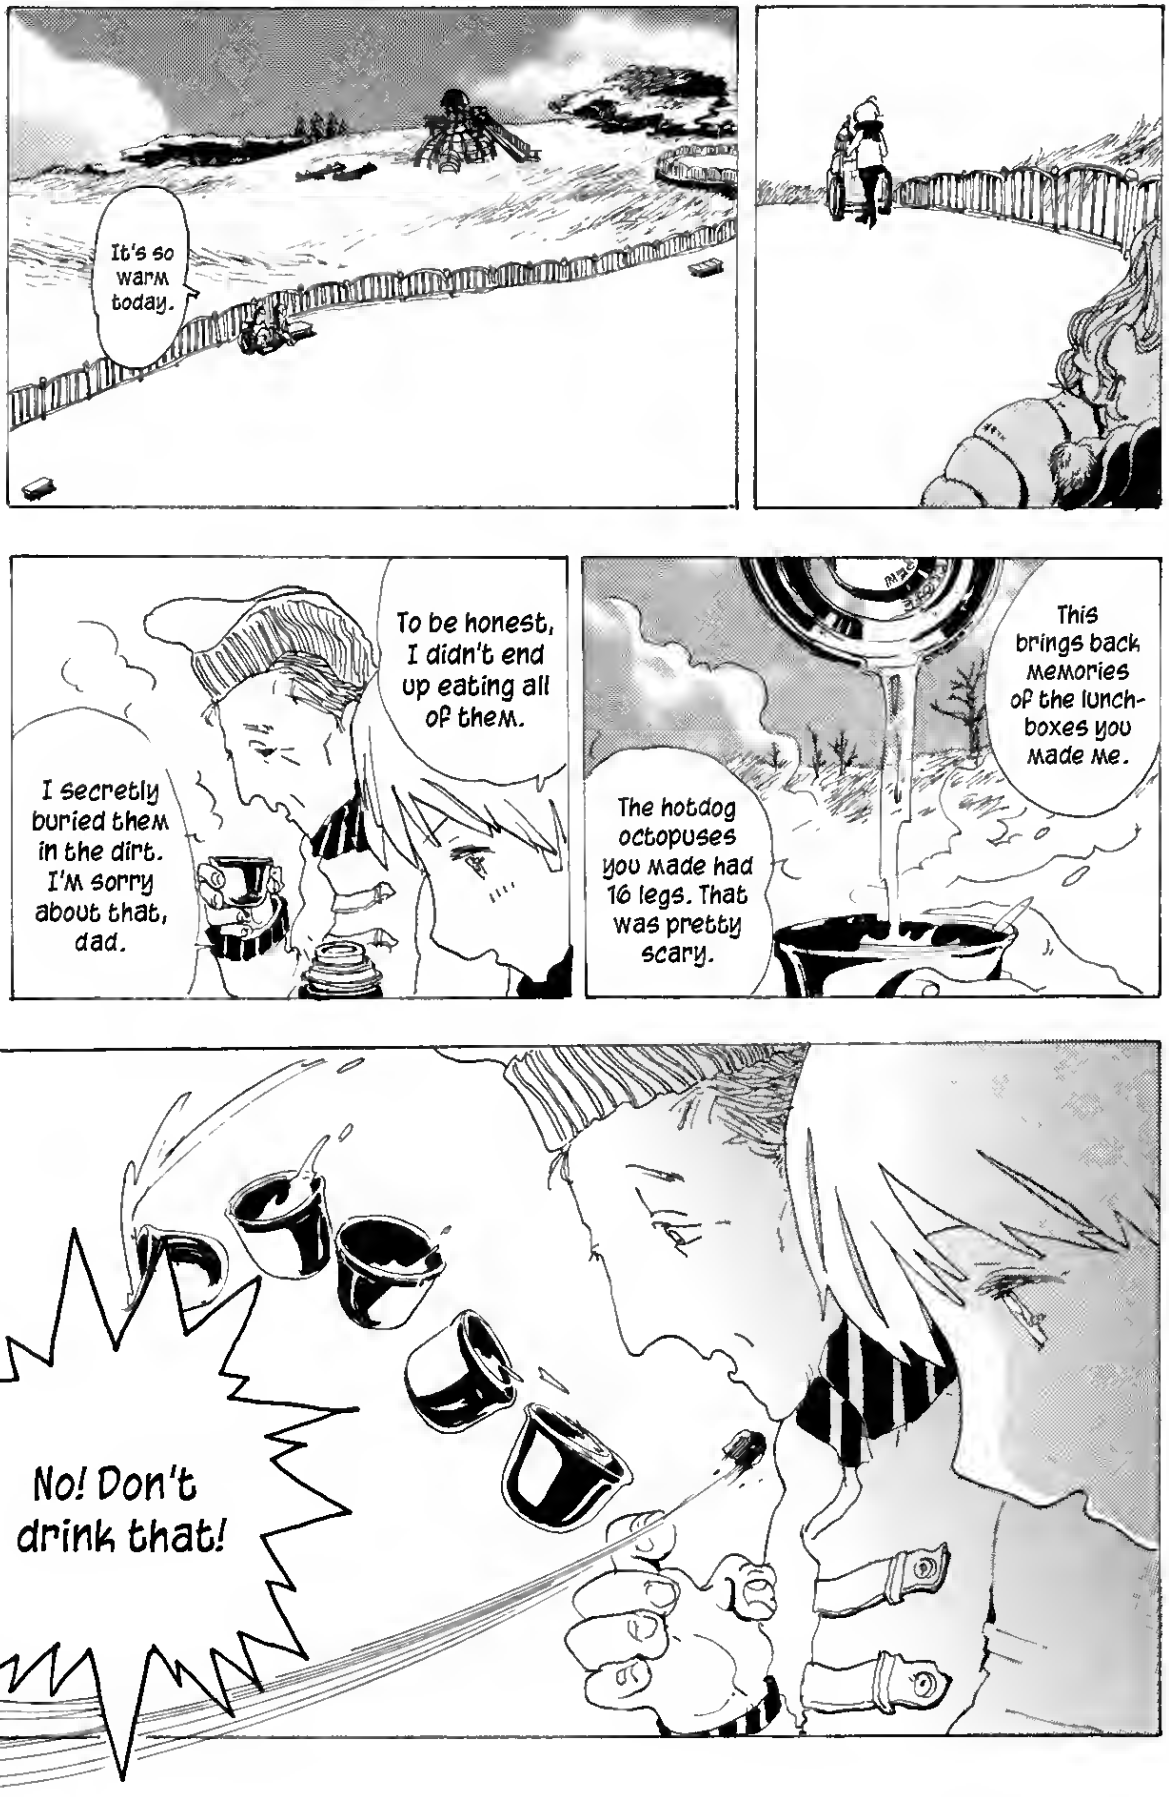
Let's go.
I'm going to give it to my dad. Heheh.



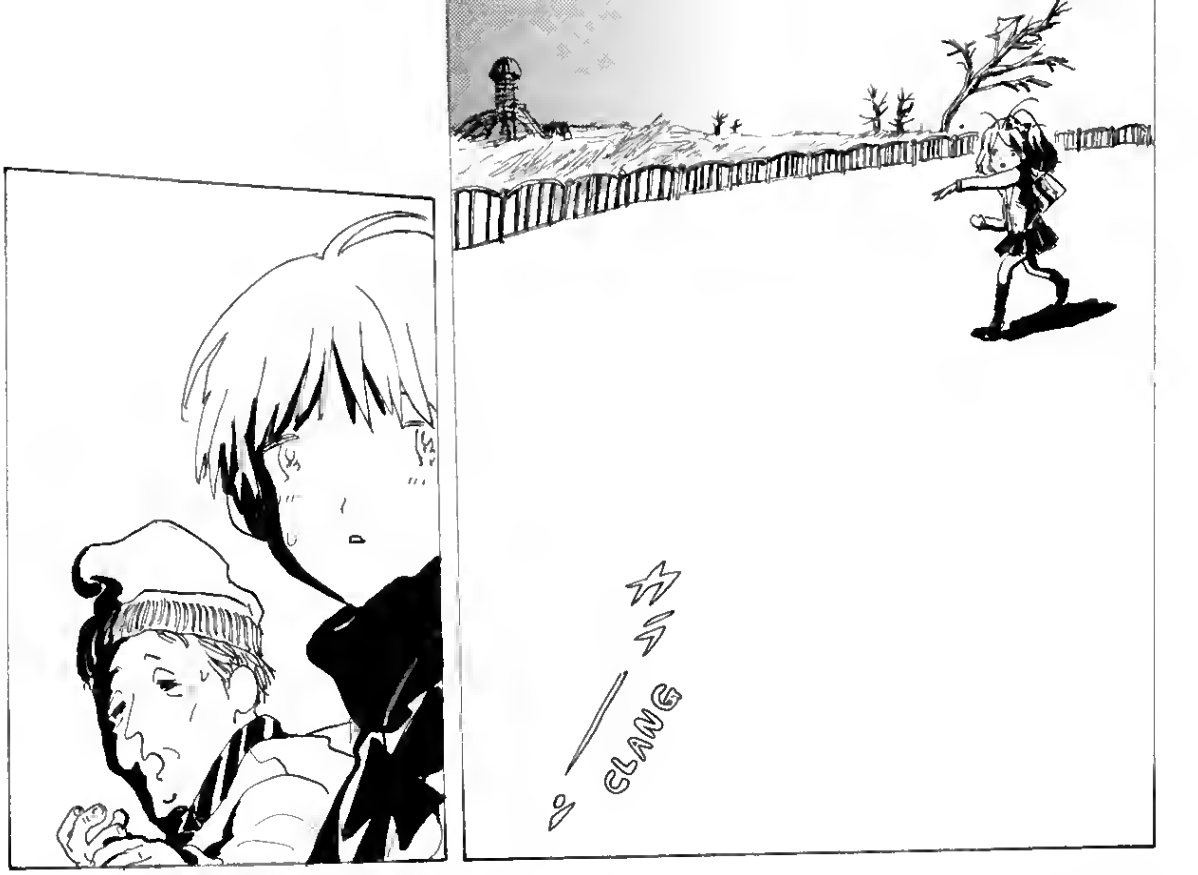
I'm fine, don't worry about it. I'm actually feeling really great right now.
I feel so good I could run a marathon! And you know what?
My friends came to stay over with me, so I don't feel lonely at all!



This is great, dad! You look so much better!
Don't over do it, I can push myself.



It's so warm today.
To be honest, I didn't end up eating all of them.
I secretly buried them in the dirt. I'M sorry about that, dad.
This brings back memories of the lunch-boxes you made me.
The hotdog octopuses you made had 16 legs. That was pretty scary.
No! Don't drink that!



CLANG

I'm sorry 'bout that, but listen!!
HA

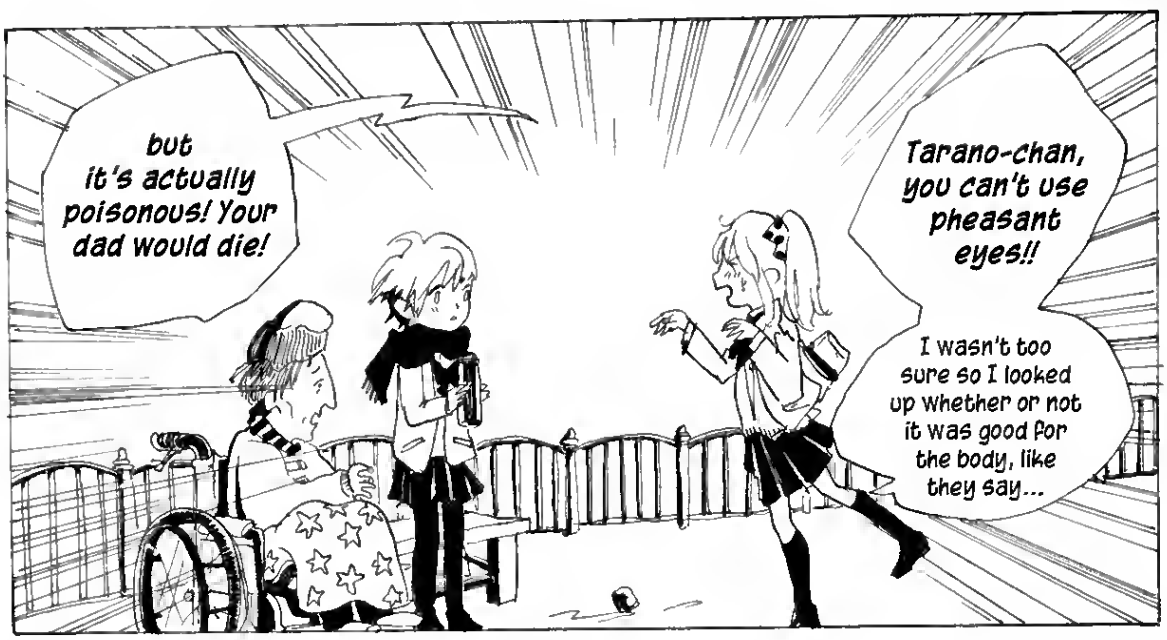
Huh...? Yoh-chan?



but it's actually poisonous! Your dad would die!
Tarano-chan, you can't use pheasant eyes!!
I wasn't too sure so I looked up whether or not it was good for the body, like they say...

I knew it was poisonous already.
Huh?
What?
Like I said,
You weren't answering your cell, so I-
Come on, I already know that.

You're too loud.

I'm not doing anything wrong...!!

Y-Yoh-chan, your parents,
if things went normally and stuff,
they'd die before you would, right!?
I mean,
I just felt so bad for my dad!
But it's different for my dad!
And that's because I'm sick!
It's so sad for my dad! I have to make sure I keep my promise...

PEW
Ah!
You don't know that unless you die!
S... Shut up, Yoh-chan! You're pissing me off!
What!? What the hell!? So that's why you have to do this!?
There's no way my dad would be able to keep on living if I died!!
